Recent Courses attended for professional development

- Basics of oral presentations in the english system : Doctoral School B3MI- Paris 7 University- May 2011
- Animal model : Doctoral School B3MI- Paris 7 University- May 2011
- Advanced skills: writing scientific articles and presenting scientific data in english in fields of Science and Public Health: Doctoral School B3MI- Paris 7 University - June 2012

Seminars

- Oral presentation in “Cellular and molecular Biology” seminar, Doctoral School (EDST), Lebanese University, November 16 and 17, 2012
- Poster in “3rd doctoral forum”, Doctoral School (EDST), Lebanese University, June 25, 2013
- Poster in “2nd doctoral forum”, Doctoral School (EDST), Lebanese University, June 19 and 20, 2012
- Poster in “Cellular and molecular Immunology” seminar, Doctoral School (EDST), Lebanese University, 17-18-19 November 2011
- Attendance in “Immunology and Stem Cell” seminar, Doctoral School (EDST), Lebanese University, October 31 and november 1, 2013
- Attendance in “19th doctoral assembly”, Doctoral School (B3MI), Paris 7 University, April 10 and 11, 2013

Publications

- Ghosn S, Chamat S, Prieur E, Stephan A, Druilhe P and Bouharoun-Tayoun H (2014). A model predictive of human immune responses for vaccine design : Human Spleen Cell-Engrafted NOD-SCID-IL2 γ ^{null} Mouse: Submitted Paper in the process of review

Languages

- Arabic: spoken and written (fluently)
- English: spoken and written (fluently)
- French: spoken and written (fluently)

Skills

- Microsoft Office
- Degree in First Aids, Lebanese Red Cross

Hobbies

- Sports: Biking, ping-pong, bowling, tennis.
- Other: Music and travelling
